ONLINE COURSES

- [Python For Everybody \(Specialization\)](#)
- [Python for Data Science, AI & Development](#)

RESEARCH

Bangla Sign Language (vocabulary) Recognition using Deep Learning

In this research, I have collected data for 15 different hand signs which were selected from the hand sign dictionary. I have used a skin detection algorithm in this research as preprocessing in the research. I have used CNN models (VGG-16, VGG-19, InceptionV3, AlexNet) in this research and got very good results.

LANGUAGES

- Bangla
- English
- Hindi
- Arabic (Basic)

ABOUT ME

I'm a passionate and creative Web Developer with strong skills in WordPress and Elementor, and a solid grasp of HTML, CSS, JavaScript and also frame-work like Django & NextJS. I bring with me a sharp eye for design, a user-first mindset, and the ability to turn concepts into responsive, pixel-perfect websites. I thrive on creating clean, intuitive UI/UX experiences and love building sites that not only look great but also perform flawlessly across all devices.

EXPERIENCE

Al Ramk Endurance Timing System - Operator

1/10/2024 - Current

Key Responsibilities:

- Operated and managed RFID/GPS-based timing systems for horse endurance races, ensuring accurate tracking across remote checkpoints.
- Handled chip assignment, live monitoring, and result processing under tight event schedules.
- Coordinated with race officials and veterinarians to ensure smooth timing operations at vet gates and finish lines.

Ottalo - WordPress Web Developer

1/07/2024 - Remote

Key Responsibilities:

- Develop responsive WordPress websites using page builder like Elementor and HTML5, CSS3, and vanilla JavaScript, with a strong focus on mobile-first and cross-browser compatibility.
- Designed and built clean, user-focused layouts in Elementor, applying solid UI/UX principles, spacing, typography, and interaction best practices.
- Performed light PHP edits, managed hosting environments (cPanel/shared), and optimized sites for performance, SEO, and security.

IGP - Web Developer

2022-2023

Key Responsibilities:

- Built full-stack web applications using React, Node.js, Express, and MongoDB.
- Developed REST APIs, integrated frontend-backend workflows, and deployed projects to the cloud.
- Handled user authentication, and maintained optimized database structures.

Katpencil Art School - Drawing Teacher

2020-2024

Key Responsibilities:

- Taught drawing and art fundamentals to students from Playgroup to Grade 10
- Designed engaging lesson plans and activities
- Encouraged creativity and confidence in students by participation in art exhibitions and competitions.
