

ALUMINIUM AND UPVC

Through this successful undertaking, the group conquered the market with high quality aluminium sheets, circles, vessels and utensils made from 99.5 per cent pure aluminium ingots. An exclusive brand of Anna Aluminium, 'Chakson,' offers an extensive aluminium cooking range, including pressure cookers, milk boilers, Choodaarapetty (thermal cookers), compact idli cookers and more.

Market leaders in aluminium based products, spices and food products, textiles and bag manufacturing, the Group persistently improvises its unique strategy of creating a wide array of brands for daily use products for the brand and quality conscious consumers.
